In applying them, the Board may deviate from the Rules in any exceptional circumstances which it may identify and may issue such further guidance upon their application as it may consider appropriate.

Symbolic Prize

A “*symbolic prize*” is a trophy made of gold, silver, ceramic, glass or the like that is permanently and distinctively engraved.

The Rules of Amateur Status

RULE 1 AMATEURISM

1-1. Amateur Status

Amateurs must play the game and conduct themselves in accordance with the letter and spirit of the *Rules* and must not conduct or identify themselves as professionals. Amateur Status is a universal condition of eligibility for playing in competitions as an *amateur*. A person who acts contrary to the *Rules* may forfeit their amateur status in accordance with the *Rules* and thereby be ineligible to play in amateur competitions.

1-2. Purpose of the Rules

The purpose of the *Rules* is to maintain the distinction between amateur and professional and to ensure that amateur sport, which is largely self-regulating with regard to the respective *Rules* and handicapping, is free from the pressures that may follow from financial incentive. The *Rules* are intended to encourage amateurs to focus on the enjoyment of the games and their challenges, and to eschew any financial gain.

1-3. Doubt as to Rules

A person who is in doubt as to whether a proposed or past course of action is or was permitted under the *Rules* should consult the *T&RA*.

An organiser or sponsor of an amateur competition or a competition involving *amateurs* who is in doubt as to whether a proposal is in accordance with the *Rules* should consult the *T&RA*.

1-4. Contracts and Agreements

(a) National Association

An *amateur* may enter into a contract and/or an agreement with their national association, provided that no payments, compensation or any financial gain, directly or indirectly, whilst still an *amateur*, except as otherwise provided in the *Rules*, are involved.

(b) Sponsors and Other Third Parties

An *amateur* may enter into a contract and/or an agreement with a third party (including but not limited to a sponsor), provided:

- (i) The player is at least 18 years of age, and
- (ii) Except as otherwise provided in the *Rules*, the amateur does not obtain payment, compensation or any financial gain, directly or indirectly, whilst still an amateur.

Exception: An *amateur* under the age of 18 may apply to the *T&RA* to be allowed to enter into such a contract, provided it is of no more than 12 months duration and it is non-renewable.

Note 1: An *amateur* is advised to consult the *T&RA* prior to signing any such third-party contract and/or agreement to ensure that it complies with the *Rules*.

RULE 2 PROFESSIONALISM

2-1. General

For the purpose of applying these *Rules*, a professional is one who is or has been a member of any professional association (RPA, IRTPA).

Exception: An *amateur* may hold or retain a category of professional association membership, provided this category does not confer any playing rights.

Note 1: An *amateur* may enquire as to their likely prospects as a professional, including applying unsuccessfully for the position of a professional, and may work in a professional's shop and receive payment or compensation, provided the *Rules* are not infringed in any other way.

2-2 Dual Status

A professional working at a location where both games are played shall be considered a professional at both games, unless applying for amateur status in one of the games in which professional status is not held.

Such an application for dual status shall be made to the *T&RA* via the Chief Executive, who will refer to the ASC for advice. The ASC will consider the following conditions when considering an application:

- a. Shall apply the principles of the Rules of Amateur Status.
- b. Shall take into account the applicant's reasons for requesting dual status.
- c. Shall take into account the factors set out in Rule 9 (Reinstatement of Amateur Status).
- d. Shall be satisfied that the applicant will not violate the Rules of Amateur Status for the game at which they wish to be an amateur.

RULE 3 PRIZES

3-1. Playing for Prize Money

An *amateur* must not play for a prize in any match, competition, event or exhibition except as permitted under the Rules. However, an amateur may participate where a *prize* that is not permitted by the Rules is offered, provided that, prior to participation, that *amateur's* rights to accept any *prize* that is not permitted by the Rules are waived.

An *amateur* may accept a *prize* or *prizes* up to a limit of £500 in value, per competition, provided that an *amateur* may accept monetary *prizes* only up to a limit of £2,000 in any one season.

Note 1: The *prize* limits apply to any form of competition.

Note 2: The responsibility to prove the *retail value* of a *prize* rests with the competition organiser.

(ii) Where the competition is to take place outside the UK the expenses must be approved as above and may be paid by the national association in the country hosting the competition.

The *T&RA* may limit the receipt of expenses to a specific number of competitive days in any one calendar year and an *amateur* must not exceed any such limit. In such a case, the expenses are deemed to include reasonable travel time and practice sessions for the competition.

Exception: An *amateur* must not in any event receive expenses, directly or indirectly, from a sponsor (Rule 1-4) or any other similar source as may be determined by the *T&RA*.

c. Team Events

In a team competition, practice session or training events, an *amateur* may receive expenses when representing:

Note: Unless otherwise stated, the expenses must be paid by the body that the *amateur* is representing or the national association in the country hosting the competition.

d. Exhibitions

An *amateur* who is participating in an exhibition may receive reasonable expenses not exceeding the actual expenses incurred.

4-3. Subsistence Expenses

An *amateur* may receive reasonable subsistence expenses, not exceeding actual expenses incurred, to assist with general living costs, provided the expenses are approved beforehand by the *T&RA* via the Chief Executive.

Exception: An *amateur* must not in any event receive subsistence expenses, directly or indirectly, from a sponsor (Rule 1-4) or any other similar source as may be determined by the *T&RA*.

6-2. Promotion, Advertising and Sales

An *amateur* must not use their notable status to obtain payment, compensation, personal benefit or any financial gain, directly or indirectly, for (i) promoting, advertising or selling anything, or (ii) allowing their name or likeness to be used for the promotion, advertisement or sale of anything.

Exception: An *amateur* may allow their name or likeness to be used for no financial gain to promote: (i) their national association; or (ii) any competition or event that is in the best interests of the games.

The *amateur* must not obtain any payment, compensation or financial gain, directly or indirectly, for allowing their name or likeness to be used in these ways.

Note 1: An *amateur* may accept equipment from anyone dealing in such equipment provided no advertising is involved and the benefit is disclosed in advance to the *T&RA* via the Chief Executive.

6-4. Membership

RULE 7 OTHER CONDUCT DETRIMENTAL WITH AMATEURISM

7-1. Conduct Contrary to the Purpose of the Rules

An *amateur* must not take any action, including actions relating to gambling, that is contrary to the purpose of the *Rules*.

RULE 8 PROCEDURE FOR THE ENFORCEMENT OF THE RULES

8-1. Decision on a Breach

If a possible breach of the *Rules* by an *amateur* comes to the attention of the *T&RA*, it is a matter for the *T&RA* Board to decide whether a breach has occurred. Each case will be investigated in a manner deemed appropriate by the *Board* and considered on its merits. The decision of the Board is final.

8-2. Enforcement

Upon a decision that a person has breached the *Rules*, the *T&RA Board* may declare the amateur status of the person forfeited or require the person to refrain from specified actions as a condition of retaining amateur status. The decision of the *T&RA* shall be notified to the person by the Chief Executive.

RULE 9 REINSTATEMENT OF AMATEUR STATUS

9-1. General

All applications for reinstatement of amateur status shall be sent to the T&RA Chief Executive. The ASC shall review any application and advise the T&RA Board upon its views and recommendation in relation to the same, and the Board shall decide whether to (i) reinstate to amateur status a professional or non-amateur, (ii) prescribe a waiting period necessary for reinstatement, or (iii) deny reinstatement.

9-2. Applications for Reinstatement

Each application for reinstatement will be considered on its merits, with consideration being given to the following principles:

a. Awaiting Reinstatement

An applicant for reinstatement to amateur status should undergo a period awaiting reinstatement as prescribed by the T&RA Board. The period awaiting reinstatement starts from the professional's application for the reinstatement of amateur status.

b. Period Awaiting Reinstatement

No applicant is normally eligible for reinstatement until having conducted themselves in accordance with the *Rules* for a period of at least one year. The following guidelines on periods awaiting reinstatement may be recommended by the ASC:

- Under 6 years of professional status 1 year
- 6 years or more 2 years

This period may be extended if the applicant has played extensively for prize money. The ASC reserves the right to recommend an extension or shortening of the period awaiting reinstatement. A player of national prominence should expect a longer probation period.

c. Status While Awaiting Reinstatement

An applicant for reinstatement must comply with these *Rules*, as they apply to an *amateur*, during the period awaiting reinstatement and is not eligible to enter competitions as an *amateur*. However, they may enter competitions and win a prize solely among members of a Club where they are a member, subject to the approval of the Club. They must not represent such a Club against other Clubs unless with the approval of the Clubs and/or the organising Committee.

An applicant for reinstatement may enter competitions that are not limited to *amateur* players, subject to the conditions of competition, without prejudicing their application, provided they do so as an applicant for reinstatement. Rights to any prize money offered in the competition must be waived and any prize reserved for an *amateur* must not be accepted (Rule 3-1).

9-3. Procedure for Applications

Each application for reinstatement must be submitted to the Chief Executive, in accordance with such procedures as may be laid down and including such information as the ASC may require.

9-4 Guidance for professionals wishing to reinstate their amateur status is at Annex A.

RULE 10 GUIDANCE FOR PLAYERS TAKING UP TEMPORARY JOBS

10-1 Guidance for players who wish to take up temporary jobs at clubs without compromising their amateur status is at Annex B.

Trainee professionals who decide after a short period not to pursue a career as a Tennis/Rackets professional should be treated sympathetically.

4. Before deciding the length of the probationary period, the ASC and subsequently the Board shall consider:
